SUMMARY

Innovative Software Developer with almost 9 years of hands-on experience designing and testing applications. Well-versed in Agile methodologies and I have comprehensive knowledge of both front-end and back-end development, using a variety of languages like Java, Kotlin, and Javascript. While also making good use of different frameworks like Spring, Hibernate, VueJS, and Angular. I also have great communication skills that I got from delivering technical training for the Liferay framework.

EDUCATION

Carleton University, Ottawa, Ontario
Bachelor of Science - Computer Science, Minor in Statistics, 2013

SKILLS

- Strong analytical and problem solving skills
- Strong Interpersonal and Communication Skills
- Programming Languages: Java
- Frameworks and Libraries: Spring, Hibernate
- JS Frameworks: Angular, Vue

EXPERIENCE

Senior Software Developer, Engineering, Veriday Inc.; Mississauga, Ontario — Sept 2021 - Present
